

HOW TO GIVE EFFECTIVE FEEDBACK

Feedback Hamburger

Things they did well/ Next Learning Steps

- Go back and look at their last piece of feedback - have they made progress with their last 'Next Learning Step'? If so, give them some feedback on this.
- How well have they achieved the W.A.L.T that was set for this writing?
- Have a look at the success criteria for this form of writing. What have they done well? What do they need to work on?
- Comment on how well they re-read their writing for clarity and meaning.

DO NOT...

- Give feedback on their handwriting or the neatness of their work.
